

Thank u for your help today

Hey Lis -- Do you think it would be OK to deactivate Papa-Rugino from the speaker bureau, at least for a while? We are at our company cap and can't add new speakers until we clean up the database. She's only been used once in a year for a patient program and 0 HCP programs. Let me know, thanks!

Let me think about it. I am seeing her tomorrow and she has come around this past quarter.

Hi Joe & Lisa,

Attached is the PDF with 5 separate starter vial forms with unique ID numbers at the bottom. Joe, I'd like you to take the lead with the in service and management of the vials in Katz's office since you have experience from other centers. Please let me know when you give the center a form so I can keep track for Darlene. I'll be at a manager's meeting all next week, but let me know if you need any help before your meeting with the center. Thanks guys..

-John
